NEW ANNOUNCEMENT

Hi Everyone,

Hope you are doing great,

As the semester has ended today, the grades have been locked. The relative grading system has been adopted for the BI course. It was a pleasure teaching you and learning with you this semester. I would like to congratulate each one of you on successfully completing another semester of your academic journey. I truly appreciate your hard work, dedication, and discipline this entire semester. For those proceeding to internships, I encourage you to make the most of this valuable opportunity to gain practical experience, develop professional skills, and apply classroom knowledge in real-world settings. *I encourage you to represent yourselves and the institution with integrity and confidence.*

As the summer break begins, take some time to rest, recharge, and spend quality time with your family and friends. At the same time, continue learning, update technical skills, and prepare yourselves for the exciting opportunities ahead in the final year.

I wish each one of you a productive internship, a refreshing summer break, and continued success in your future endeavors and placements.

Best wishes and take care!

RS
